What is Hub 270?

The Hub 270 project started when a group of local community leaders, faith groups and nonprofits came together to discuss the impact drugs and gun violence are having on our community. Recognizing that a critical part of any effort would be connecting people with the resources they need, Hub 270 connected with The Center of Owensboro-Daviess County. Together, we are developing a community-wide resource referral and community mobilization effort to create positive change right here in Owensboro-Daviess County. With the Hub 270 project, each community partner will bring their gifts, abilities, and resources, to a single, unifying presence. We will meet people where they are, with a process and connectivity that ensures the needs in our community are met more efficiently, and therefore more effectively.

What will Hub 270 do?

We will be utilizing the existing Neighborhood Alliance Grid to provide a geographic framework for our efforts. In addition to helping lead the charge on the Unite Us (online resource referral platform) effort, Hub 270 will be offering volunteer and mentoring opportunities to take resources out into the community, meeting individuals and families where they are, forming personal connections and relationships to create sustainable change.
